BULLETIN

The Future of the #58 tram!!!

Many MSYRG members are concerned about this issue and as is MSYRG. The Committee's main concern is the lack of consultation and any clear information about plans. Sam Hibbins, the Greens State MP for Prahran and our local representative has created a short survey: you may like to participate in by clicking the link below. You may also consider using the **COMMENTS** sections to more fully outline your concerns. Here is what he has written in his latest Prahran News email -

Help Shape the Future of the #58 Tram

I want to hear from you about the future of the route 58 tram along Domain Road. The route 58 tram stopped running along Domain Road in 2017 during the construction of ANZAC station. The state government is currently deciding whether trams will resume along Domain Road. [Take my short survey](#) to let me know what you'd like to see for the 58 tram, so I can advocate to the Minister for Transport.
